BLUE RIDGE SCOUT RESERVATION SPORTSMAN PROGRAM

2018-2019 HUNTING AND FISHING REGULATIONS

Agreement Pledge

Agreement between individual sportsman and the Boy Scouts of America, Blue Ridge Mountains Council.

The following agreement and regulations are designed to protect the scouts and leaders using the Blue Ridge Scout Reservation, sportsman and the landowner, and at the same time maximize the opportunity to utilize and enjoy the game available.

The sportsman agrees to respect the property and privacy of the landowner, and to observe Virginia game and fish laws.

The sportsman agrees to abide by all rules and regulations established by the BSA, BRMC (to include but not limited to the list attached). Any infraction of the rules by the sportsman will result in revocation of all privileges. Such revocation will be at the discretion of the BSA agent. The sportsman understands that he is responsible for property damage and/or injury to himself or others while utilizing any privileges or facility on the property of the BSA.

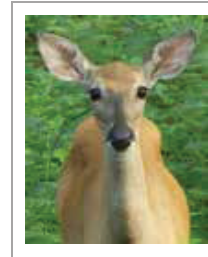

I agree to abide by your regulations and shall indemnify, hold free and harmless, assume liability for, and defend the Boy Scouts of America, its chartered affiliates, agents, servants, employees, officers, and directors from any and ALL costs and expenses including but not limited to attorneys fees, reasonable investigative and discovery costs, court costs, and all other sums which the BSA, its chartered affiliates, agents, servants, employees, officers, and directors may pay or become obligated to pay on account of any, all, and every demand for, claim or assertion of liberty, or any claim or action founded thereon, arising or alleged to have arisen out of my use of the Blue Ridge Scout Reservation belonging to the Boy Scouts of America, Blue Ridge Mountains Council, its chartered affiliates, agents, servants, employees, officers and directors, or by any action of omission.

New for 2018 – 2019

Hunting & Fishing (annual) \$145

One fee of \$145 covers both fishing in Powhatan and Ottari Lakes and hunting throughout the reservation.

Doe Harvest

The reservation will mirror the VA National Forest for doe days.

Reservation Bear Quota

All Hunters will be eligible to take a Bear on the reservation until a total of five (5) bears have been harvested. Please confirm with Charlie Stultz the status and report any bear taken.

Quality Deer Management

All Hunters will participate in Quality Deer Management. Participation in the reservation QDM program requires you to collect biological deer harvest data and record it at one of the QDM check stations. This data includes : weight of deer, certain specified harvest data such as location of kill, and an extracted deer jawbone. All deer must be checked in at one of the BRSR check stations

Bucks eligible for harvest on the Blue Ridge Scout Reservation must have a minimum outside antler spread of at least 15 inches. Hunters can estimate a bucks antler spread by viewing where the antlers are in relation to an animal's forward pointed ears. Ear tip to tip distance is approximately 15-16 inches. Therefore, if a buck's antlers are wider than his ears, the outside spread should be at least 15 inches.

Buck Violations

Hunters who violate our antler restriction will be subject to a **\$100 penalty** and loss of hunting privileges for the next deer season.

If you are unsure if the animal that you are about to harvest is large enough, err on the side of caution and allow the animal to live another day. Perhaps you will be rewarded with a larger buck later on.
